Bio-Peptide Time Renew Cream 50ml

RETAIL

Nourish, Soothe & Support Skin Renewal Post Bioneedling

- Supports skin renewal: Peptides help support the skin’ s natural renewal processes.
- Soothes and comforts: Beta-Glucan and Centella Asiatica Extract help calm the feel of stressed or sensitive skin.
- Hydrates and strengthens the skin barrier: Panthenol helps maintain moisture and support barrier function.
- Nourishes and softens: Shea Butter and Meadowfoam Seed Oil help replenish moisture and leave skin feeling smooth and supple.
- Antioxidant support: Vitamin E helps protect the skin from oxidative stress.

KEY INGREDIENTS

- ***Copper Tripeptide-1 -*** A peptide that supports the skin’ s natural renewal processes and helps maintain a smoother, more resilient-looking complexion.
- ***Saccharomyces Polypeptides -*** Peptides produced through yeast fermentation that help support the skin’ s natural renewal processes and improve the appearance of skin texture.
- ***Panthenol (Provitamin B5) -*** Helps attract and retain moisture, soothe the skin and support a healthy skin barrier.
- ***Beta-Glucan -*** A soothing, moisture-supporting ingredient that helps maintain skin comfort and hydration.
- ***Centella Asiatica Extract -*** Helps soothe the skin and supports a calm, healthy-looking complexion.
- ***Vitamin E (Tocopherol) -*** An antioxidant that helps protect the skin from oxidative stress.
- ***Shea Butter -*** A rich emollient that nourishes the skin, softens its texture and helps reduce moisture loss.
- ***Meadowfoam Seed Oil -*** Helps soften the skin and seal in moisture, leaving it feeling smooth and nourished.

USAGE RECOMMENDATIONS

AT HOME USE - Use daily AM & PM

1. After cleansing and preparing the skin, apply an appropriate amount evenly to the face and neck.
2. Gently pat into the skin to aid absorption.
3. Use morning and evening as part of your daily skincare routine.
