

Lift Cream

Cream for Neck, Lips and Eye Area

Toning and Anti-Wrinkle Line

Lift Cream restores elasticity to the neck area and lessens wrinkles around the lip contour. Visibly lifts the upper eyelids, diminishes the crow's feet wrinkles, fades dark circles and reduces puffiness around the eyes.

Size: Retail 40 mL

About

Key Ingredients

Albizia julibrissin (Persian Silk Tree) extract

Protects against glycation, a process resulting in an aged, inelastic state of collagen inducing loss of suppleness to the skin.

Reduces signs of skin fatigue caused by glycation namely under the eyes bags, dark circles, dull complexion and some pigmentation.

Improves overall cellular respiration and increases cellular energy (ATP).

Protects existing collagen and elastin fibres.

Sigesbeckia Orientalis extract

Induces tissues regeneration by stimulating collagen matrix build-up and promotes regular tissues renewal. Anti-inflammatory.

Organic silicon

Restores springiness to the skin.

Restructures the elastin and collagen fibres that support the extracellular matrix, bringing density and thickness to the skin.

Accelerates the processes of cicatrisation

Bisabolol from German chamomille

Anti-irritant and anti-inflammatory.

Leucine, lysine and methionine amino acids

Optimizes the health of the skin.

Actions

A true anti-age jewel to restore the neck contour, reduce top lips wrinkles and lift the eyelids. This cream stimulates the skin to regain elasticity. It has a very pleasant summery fragrance with green, fruity and woody notes.

Lift Cream leave the skin hydrated and soft.

Use

Skin Conditions

Recommended for anyone when the skin of the neck and eye area is showing signs of loss of elasticity and when wrinkles start to appear around the lips.

Home Use

Morning and/or Evening

Apply 1-2 pumps of Lift Cream to the eye, neck and the lip area focusing on wrinkles, lines and loss of elasticity.

Should be followed by other necessary Gernétic creams.

Salon Use

Step #4 of Skin Care Treatment

Lift Cream can also be incorporated into any Gernétic treatment.

Apply 3-4 pumps of Lift Cream directly onto your client's skin, targeting the eye, neck and lip contour. Massage gently until absorbed.

Follow up with any other necessary Gernétic creams such as Myo/Myoso, Ger-Lift and Synchro.

Additional Information

Glycation

Is caused by toxic glycogens produced from the consumption of refined carbohydrates and sugars.

Sigesbeckia Orientalis

A species of plant from the Asteraceae family, also known as Eastern St Paul wort, used in traditional medicine for its anti-inflammatory properties.
