

Salt Peeling

Exfoliating Body Salt

Spa Line

Salt Peeling with essential oil is a deep cleanser that removes all traces of impurities and dead cells from the skin.

About

Key Ingredients

Very pure crystallized sea salt harvested from protected sites.

Remineralizing, high concentration in magnesium, iron, zinc, copper and much more.

Essential oil of cymbopogon citratus that contains citral (70%) and citronellal.

Relaxing and anti-inflammatory.

Particularly beneficial to cellulite, poor blood circulation and heavy legs.

Actions

Salt Peeling is a gentle yet effective scrub, exfoliating away the skin dead cells. It is very remineralizing.

Size: Retail 250 mL/Salon 250 mL

Use

Conditions

When a deep body cleanse and exfoliation is required.

Home Use

As required

Salt Peeling can be used on a wet skin.

Apply to the skin and work with light effleurages for a few minutes.

Rinse under a shower.

Salon Use

Refer to Spa Pampering Treatments

Ready for use but you can add a few drops of Gernétic Beauty Oil.

Apply to the skin and work with light effleurages for a few minutes.

Rinse under a Vichy shower or shower or remove leftover traces with warm towels.

Can be followed by a body massage, a bath or a body wrap.
