

let's get  
*practical*

Nimue has formulated 3 Skin Resurfacing Complex's for Environmentally Damaged, Hyperpigmented and Problematic skin.

**Nimue-SRC™  
Treatments**

The Nimue-SRC™ are time dependent and can be left on the skin for up to 10 minutes, followed by Nimue Neutraliser Plus.

Application also varies with Nimue-SRC™, Environmentally Damaged applied with a brush and Nimue-SRC™ Hyperpigmented and Problematic are applied with a sponge applicator.

Each Nimue-SRC™ is made up of their own specific complex of ingredients and delivery systems which focuses on the specific classification and skin concerns.
