

MASKS

Anti-Ageing Treatment Mask

100ml

pH4.5

This mask has been designed as a treatment mask to allow for adding moisturisation and radiance to the skin. It will provide a cooling effect which is very effective and comfortable after active treatment.

Active ingredients

primary ingredients

- Cyclotetrapeptide-24 (rejuvenation)
- Chicory Root Extract (barrier repair)
- Botanical Hyaluronic Acid (moisturisation)

secondary ingredients

- Stabilised Papain (exfoliation)
- Cooling Agent (cooling, soothing)
- Triglycerides (moisturisation)

Product benefits

- Provides skin comfort, hydration and suppleness
- Enhances luminosity and radiance
- Barrier repair accelerates skin recuperation
- Improves elasticity
- Cooling and revitalising
- Improves skin smoothness

Application technique

- Apply a thick layer of mask evenly over face, neck and décolleté as stipulated in professional treatment during the MASK step. Leave on skin for 10-15 minutes
- Rinse well with water saturated gauze or compress
- Follow with Nimue After Care Hydrator
