

## Fader Serum

30ml

pH5.0

A concentrated serum in a lightweight base for the enhanced treatment of hyperpigmentation and uneven skin complexion.

This is indicated for a skin with hyperpigmentation, redness and a dull complexion.

### Active ingredients

#### primary ingredients

- Octadecenedioic Acid (inhibits the pathway of melanin synthesis)
- Palmitoyl Sh-Tripeptide-5 Norisoleucyl Sh-Nonapeptide-1, Palmitoyl Sh-Octapeptide-24 Amide (brightens the skin and increases skin radiance)
- Diglucosyl Gallic Acid (works on 7 levels to create an even skin colour)
- Polarised Water (even distribution and penetration of actives)

#### secondary ingredients

- Micro-encapsulated Vitamin C (Magnesium Ascorbyl Phosphate: brightens the skin)
- Nicotinamide (rebalances skin tone and reduces discolouration)
- Polyglucuronic Acid (moisturises and increases elastin synthesis)

### Product benefits

#### primary benefits

- Inhibits ROS production
- Prevents UV induced DNA damage
- Stops the melanogenesis process
- Prevents melanin transfer
- Decreases skin redness and vasodilation
- Reduces inflammation
- Blocks melanin synthesis even under UV conditions
- Increased skin radiance

#### secondary benefits

- Brightens the skin
- Increased moisturisation
- Increased skin suppleness and resistance

### Application technique

#### am and pm

- Apply a thin layer to a clean, dry skin after Nimue Pre & Post Serum
- Massage into the skin and allow to full absorb
- Follow with Nimue Day Fader/Day Fader Plus or Nimue Night Fader/Night Fader Plus
- Recommend 2x daily application for optimum results
- Daily use of a Nimue prescribed SPF face product over Nimue Fader Serum is recommended
- Avoid sun exposure
