

MASSAGE

Massage Cream

200ml

pH5.8

A light textured cream that provides an excellent massage medium on facial and/or body areas, leaving no residue on the skin. It is ideal for Nimue Professional Treatments especially during winter months.

Active ingredients

primary ingredients

- Shea Butter

secondary ingredients

- Geranium Oil
- Lavender Oil
- Rosemary Leaf Oil

Product benefits

- Aromatic fragrance induces client relaxation
- Promotes smooth and supple skin

Application technique

- Dispense a generous amount of Nimue Massage Cream into hands
- Warm the cream by rubbing your hands together
- Apply cream to the area to be treated
- Can be used during all treatments whilst the MASK is on, to massage the hands, arms and feet
- During the Therapeutic Treatment the massage is done after the mask has been removed to aid absorption of the mask
- Remove Nimue Massage Cream thoroughly with a damp compress after massage on the body
- Follow with damp gauze swabs on the face
