

BOOSTERS

Multi Rejuvenating Serum

30ml

pH3.0

A high performance Vitamin C **rejuvenating** booster, captured in a nanotechnology skin delivery system.

Active ingredients

primary ingredients

- Vitamin C - L-Ascorbic Acid (rejuvenating and anti-oxidant protection)
 - stimulates collagen synthesis (primary action)
 - assists in suppressing tyrosinase activity (secondary action)
 - protects against free radical damage
- Palmitoyl Tripeptide - 3 (rejuvenating and stimulates collagen synthesis)

secondary ingredients

- Nano Emulsion via Nanospheres (delivery system promotes penetration and efficacy of active ingredients)

Product benefits

- Firms, smoothes, hydrates, clarifies and brightens the skin
- Reduces the appearance of fine lines, wrinkles, uneven skin tone and skin fatigue

Application technique

am and/or pm

- May be used as required under prescribed day/night moisturiser
- Apply a thin layer to a clean dry skin after Nimue Conditioner and massage into face, neck and décolleté until fully absorbed
- Allow to dry
- Alternate nightly with Nimue Active Lotion/Gel

(Store bottle in a cool dry place. Do not expose to direct light or sun)
