

MASKS

Rejuvenating Mask

100ml

pH4.5

A treatment mask to promote skin rejuvenation.

Active ingredients

primary ingredients

- Alpha Lipoic Acid (universal anti-oxidant)
- Vitamin C Ester
- Vitamin A Ester

secondary ingredients

- Pentavitin Plant Extract (soothes and hydrates)
- Kaolin (soothing, absorbs impurities and excess oil)

Product benefits

- Eliminates the damaging effects of free radicals to produce a brighter, smoother, radiant and clearer complexion
- Reduce the signs of premature skin ageing
- Hydrating benefit

Application technique

- Decant into a clean glass bowl
- Apply an even but thick layer over face and neck with a clean wet brush
- Avoid delicate eye area
- Leave on skin for 10 minutes
- Remove with water saturated gauze or compress
