

# BOOSTERS

## Soothing Repair Serum

30ml

pH5.0

A concentrated treatment serum designed specifically for reactive and sensitive skin. Soothing Repair Serum supports skin barrier repair and protection, inhibits inflammation caused by unbalanced microbiota, reduces neurogenic inflammation, replenishes lipids and restores the well-being of epidermal cells. The texture is creamy for ease of application and absorption, whilst providing skin comfort.

### Active ingredients

#### primary ingredients

- Squalane (superior moisturisation and barrier protection)
- Isostearyl Isostearate (reinforces the natural skin barrier)
- Glycyrrhetic Acid (reduces inflammation)
- Sensory Regulator (cooling and soothing)
- Morinda Citrifolia Fruit Extract (plant stem cell biotechnology) (rebalances skin microbiota)
- Daucus Carota Sativus (plant stem cell biotechnology) (rebalances skin microbiota, calms and reduces inflammation)
- Prebiotic - Inulin and Yoghurt Powder (provides nutrition for healthy bacteria)

#### secondary ingredients

- Panthenol (vitamin B<sub>5</sub>) (hydrating and soothing)
- Allantoin (repairing and soothing)
- Shea Butter (nourishing and moisturising)
- 3D Hydra Complex (Xylitol Glucoside, Anhydroxylitol and Xylitol - immediate and long-term hydration)
