

Nimue professional TDS for interactive skin

THE NEW TDS IS DESIGNED TO:

- Boost the synthesis of six skin rebuilding essentials, improving overall skin health and appearance
- Strengthen the skin
- Reduce dryness, redness and sensitised skin

Unique delivery system used to penetrate the unique combination of ingredients:

- Lipopeptide to stimulate the 6 skin building essentials
- Mirabilis Jalapa to strengthen and hydrate the epidermis, offering comfort and relief
- Liquid Crystal Structure as delivery system that maintains moisturisation for up to 5 hours after application

The perfect client for this product:

- Clients suffering from sensitisation and redness
- Clients looking for skin health improvement and anti-ageing benefits
- Clients looking for comfort from sensitisation
