Client Statement:

My skin is dull and is starting to show some signs of ageing. I have some breakouts so I cannot use a rich, creamy mask to treat ageing.

Active Ingredients:

- Alpha Lipoic Acid – Super anti-oxidant
- Pentavitin – Hydrates and soothes
- Kaolin – Absorbs excess oil

Selling tip:

This mask compliments the effects of Alpha Lipoic activator

The Nimue Solution:

Alpha Lipoic Acid, in conjunction with the Kaolin base, makes the Rejuvenating Mask ideal for a dull and dry skin condition and those skins prone to breakouts. Alpha Lipoic Acid fights free radicals, rejuvenates and neutralises the harmful effects of pollution while Kaolin absorbs excess oil and impurities.
