

Smart Resurfacer

Smart Resurfacer is Nimue's strongest peel with cutting edge technology

- Anhydrous (waterless)
- Minimal tingling and discomfort
- Less redness and erythema
- Suitable to treat a variety of skin concerns

Works on pKa:

- Indicates whether an acid is strong or weak
- High pKa - acid is weak
- Low pKa - acid is strong

KEY INGREDIENTS

Alpha Lipoic Acid

- Potent anti-oxidant

Salicylic Acid

- Anti-irritant and anti-inflammatory

Pyruvic Acid

- Reduces cohesion between corneocytes

Citric Acid

- Mild exfoliation action

Isostearyl Isostearate

- Barrier repair

Dimethyl Isosorbate

- Skin delivery enhancer

EXPERT TIPS

Peel provides results like that of a medium depth peel, but without the negative side-effects

Big point of difference - includes the **Isostearyl Isostearate** - repairs the skin barrier
Remove with water only, using 2-3 water saturated disposable compresses.

Use with Tetra Enzymatic Exfoliator
