# tip jar

## Active Ingredient:

Water soluble Magnesium Ascorbyl Phosphate and oil soluble Ascorbyl Palmitate. Both are forms of Vitamin C which will:

- inhibit the melanogenesis process
- brighten the skin
- act as powerful Anti-oxidants
- stimulate collagen synthesis

## What will the Vitamin C Super Fluid do for my skin?

- brightens a dull skin
- evens out skin tone
- decreases pigmentation spots

## Client profile

My skin is dull, I have an uneven complexion, visible hyperpigmentation and sun spots.

## Nimue Vitamin C Super Fluid
