

Smart Resurfacer

Nimue is a superficial peeling brand focused on providing **maximum stimulation with minimum irritation**.

The Nimue Smart Resurfacer is a superficial peel that creates rejuvenation equivalent to that of a medium depth peel BUT without the side effects associated with these deeper peels.

Medium depth peel	Nimue Smart Resurfacer
Works into the dermis - removal of living tissue	Superficial peel removes stratum corneum
Side effects & downtime	No side effects, no downtime
Intense rejuvenation	Intense rejuvenation

- Waterless base
- No water = no pH
- No water = less energy = less heat/ frosting/side effects
- Stronger acids with low pKa value

Intensive rejuvenation creates structural & functional changes in the skin

- Alpha Lipoic Acid
- Salicylic Acid, Pyruvic Acid, Citric Acid

Rejuvenation

- 1. Salicylic Acid**
 - Low pKa - strong acid
 - Keratolytic
 - Anti-inflammatory
- 2. Pyruvic Acid**
 - Low pKa - strong acid
 - Chemical peeling agent reduces cohesions between corneocytes
 - Stimulates collagen synthesis

Resurfacing

Anhydrous

Barrier repair & restructuring

- **Isostearyl Isostearate** actively reinforces the skin barrier - repairs biolipids
- Optimises skin hydration
- No downtime & discomfort

- **Alpha Lipoic Acid**
- Super anti-oxidant
- Anti-glycation
- Boosts collagen production
- Increases levels of CoQ10 & Vit C & E Esters

Super anti-oxidant
