

RADIANCE BOOST BIOME MASK

Technical File

Description

This brightening mask targets pigmentation, dark spots, and uneven skin tone. With natural radiance-boosting serums containing Arbutin and Licorice Root, this mask repairs free radical and UV damage and brown and grey undertones. As a result, the skin is visibly radiant.

Arbutin, Licorice Root, Vitamin E, and Centella Asiatica combine to powerfully target hyperpigmentation, dark spots, uneven skin tone and address melanin imbalances in the skin. In addition, free radical and UV damage is also targeted whilst the skin is hydrated and protected, resulting in luminous, even skin tone.

This Semi-Gel Tencel (100% organic cellulose) mask ensures optimal comfort. Luxuriously silky, flexible, and comfortable, this mask preserves the integrity of the key ingredients without absorbing them, unlike conventional masks. The active ingredients remain potent and are distributed evenly once in contact with the skin. After 16 hours of mask application, the richness and evenness of the bacteria in the skin are increased, resulting in a rebalanced and healthier skin microbiome.

Containing a rich cocktail of pre and postbiotics and carefully-selected antioxidants, vitamins, and gentle actives to rebalance the skin microbiome and pH levels.

Benefits and Features

- Arbutin from berries is high in antioxidants, assisting in lowering pigmentation, fading dark spots and scars, and creating a brightening effect
- Licorice Root Extract soothes any imbalances and irritation in the skin whilst brightening
- Vitamin E, an oil-soluble antioxidant, targets hydration levels and free radical damage

- Centella Asiatica treats inflammation through medicinal properties whilst boosting antioxidant activity in the skin, lowering inflammation, and restoring moisture loss
- Extensive in-vivo testing results indicate a decrease in unhealthy bacteria and an increase in the skin microbiome diversity and overall health
- Suitable for any skin type but most effective for skin that requires treatment for hyperpigmentation, dark spots, and uneven skin tone
- Results will compound over time with repeated use

Key Ingredients

- Arbutin
- Licorice Root
- Vitamin E
- Centella Asiatica

Note: This mask contains NO irritants, such as fragrance, alcohol, nanoparticles, ethanalamine, sulphates, essential oils or formaldehyde releasers.

Salon Use

Apply the mask after cleansing the skin at the beginning of the treatment. Make sure to scoop out any surplus of the formula from the package and apply it over the top of the sheet. Leave the mask on for 15 minutes. When removing the mask, gently massage the remains into the skin for a few minutes. Do not rinse off.

You can use a tissue to absorb any excess. Then, continue your facial treatment as recommended.

Home Use

This is a great mask to use at home. It's very simple to apply and leaves no mess. Plus, the results are visually impressive. After cleansing the skin apply the mask on the face and leave it on for 15 minutes. Remove and gently massage the ingredients into the skin. Follow with the usual morning or evening skincare routine.
