VitaSpicule Pro

3.5 million bio-needles per treatment
Spicule length: 200um

With a 1 chilli rating, VitaSpicule Pro is ideal for clients who have never had bio microneedling before and are worried about trialling a more active treatment. Contains Lotus extract to brighten and decongest the skin and beta glucan to hydrate and strengthen the barrier.

In an easy to use syringe applicator with a repairing essence to complete the treatment.

Contains:

Skin Renewal Essence: 6 x 3ml syringes
Calming Essence: 6 x 7ml vials (6 treatments)

WSP incl.GST: \$151.80

Treatment Costing: \$30.20 (Incl. GST)

VitaSpicule Blue Ice

7 million bio-needles per treatment
Spicule length: 200um

We're the only spicule-based treatment range offering Bio-Mesotherapy — a breakthrough in active ingredient delivery. In this advanced method, each spicule is individually wrapped in copper tripeptide 1 and spirulina. Once the serum is applied, the spicules swell, creating micro-channels in the skin while carrying their nutrient-rich coating deep into the skin.

Contains:

Blue Iceneedle Powder:
20 x 0.5g vials (20 Treatments)

WSP incl.GST: \$418.00

Treatment Costing: \$33.80 (Incl. GST)

VitaSpicule Pink Ice

4 million bio-needles per treatment
Spicule length: 300um

We're the only spicule-based treatment range offering Bio-Mesotherapy — a breakthrough in active ingredient delivery. Pink Iceneedle boasts longer length spicules of 300um, for a deeper treatment. In this advanced method, each spicule is individually wrapped in Vitamin B12 and Amino Acids.

Contains:

Pink Iceneedle Powder:
• 20 x 0.5g vials - 20 treatments

WSP incl.GST: \$506.00

Treatment Costing: \$38.20 (Incl. GST)

VitaSpicule Ultra

10 million bio-needles per treatment
Spicule length: 200um

A high-end anti-ageing treatment combining precision spicules with PDRN — a powerful skin-regeneration compound. Delivers deep repair, boosts collagen, and restores youthful radiance.

VitaSpicule Ultra is the most comparable to a standard micro needling treatment.

Contains:

Spicule Powder: 0.5g x 6 pieces
Solution Liquid: 5mL x 6 pieces

WSP incl.GST: \$184.80

Treatment Costing: \$35.70 (Incl. GST)

Spongilla Peel Treatment

11 million bio-needles per treatment
Spicule length: 300um

This treatment is designed to actively encourage skin peeling. More abrasive, it creates deeper stimulation and promotes visible exfoliation — revealing a smoother, fresher complexion beneath.

Enriched with spirulina and chlorella, this antioxidant-rich blend hydrates, calms inflammation, and supports collagen for a smoother, healthier glow

Contains:

- Spongilla Peeling Powder: 2g x 1 piece
- Solution Liquid: 10mL x 1 piece

WSP incl.GST: \$16.50

Treatment Costing: \$21.40 (Incl. GST)

VitaSpicule Eye

200,000 bio-needles per treatment
Spicule length: 200um

We're the only spicule range to offer a unique eye spicule treatment infused with PDRN and collagen — delivering instant visible results.

This advanced formula targets fine lines, dark circles, and puffiness for smoother, brighter, and more youthful eyes

Contains:

Eye activating essence: 4 x 1ml syringe
Eye calming mask: 4 x 10 ml (4 treatments)

WSP incl.GST: \$141.90

Treatment Costing: \$35.50 (Incl. GST)

X SERUMS

Please factor in \$3 extra for essential skincare steps. Ice Calming Mask incl. in pricing

Astaxanthin Serum

- Astaxanthin is 6000 times more potent than Vitamin C
- Protects cell membrane from oxidative damage
- Helps to limit inflammation, reducing conditions such as ageing, acne, rosacea and sunburn.
- Dry or dehydrated skin: Boosts hydration by protecting the skin barrier and reducing moisture loss.
- Pigmented skin: reduces hyperpigmentation and evens skin tone by inhibiting melanin production.

Contains:

10 x 10mL Vials

WSP incl.GST: \$198.00

Cost per 10mL vial: \$19.80

RRP per 10mL vial: \$40.00
